About the artists:

Karen Caroll and the Mississippi Grave Diggers [USA]

gospel,delta,chicago,blues

I am a singer /songwriter/ musician. I am 49yrs old. I was born in Chicago,Illinois.....Let me tell you a bit about my music history:

I started with the church at six or so and I was doin´alright,but the music made me cry and I couldnt sing in chuch for years,cause it moved me too much, then in Gage Park,where I had this really cool music teacher,Mr Robert Allen, I learned what I could do with my talents,ear,memory,power and I learned to play my guitar to go along with my vocal style.Later,my coach and vocal trainer became Nate Griffen. Over the years I have been blessed to know and play on stages with people like Lonnie Brooks,Katie Webster,Albert King,Carey,and Lurrie Bell just to name a few blues people I learned from on the Jazz tip, I learned a lot from the Freeman Bros.,Von and George(my godfather),Franz Jackson, and and of course ,my mother,Jeanne Carroll.

I recorded with delmark records in Chicago,and you can find me on European labels Ornament,Acoustic,and Wolf in Germany and Austria.

Sharrie Williams [USA]

rocking gospel, funk, blues

Mrs. Sharrie Williams Is the Voice! A galactic vocal force to be reckoned with, a ragging flame of fire that has been sprayed with gasoline, she has a message burning within her soul. Sharrie has a powerful voice, with a range that can reach and rattle the castle tower one minute, while soothing the soul of a crying child the next, she possess an unaffected nature, which gives her grace and a sensibility that pays homage to the great female artist of rock and blues without ever being imitative, in short, Sharrie Williams is the real deal, a true original. She brings you in, by singing her insides out, hearing her is a pure delight, but seeing her perform will make you a believer. Williams has a warm and radiant stage presence, that takes hold of you and capture your imagination and captivate your senses, the sound of her voice is compelling, it promises redemption. With every note She makes you cry, laugh and dance, she can even wake up the dead, I guess one would call her the voice of an emotional cocktail

Tom White and Friends [HU]

rockabilly

The band founded in 2000,by Tom White who is the harpist and the singer.

At the start they gave concerts in smaller clubs.That time the band was a trio and they played only with acustic instruments.Because of Tom's hiperactivity and the members age they looked for a drummer.With him they had the chance to play west coast and classical chicago blues that is also more acceptable for a bigger public.

Their programme is selected from the 20's,30's, biggest musicians (*Big Bill Bronzy, Sonny Terry, Sonny Boy Williamson, Paul Lamb, Muddy Waters, Stray Cats, Jerry Lee Lewis and many others*)

The performance is travel to the time of blues, country, swing and rockabilly.

And is full of great solos that remind the world of jazz.

They regularly perform in the capital's best clubs but you also can hear them around the country, even big motorfest: The band often get invitation from abroad, where they may have bigger success than in Hungary.

They have already made two CDs. The name of the latest also could be the motto of the band: GET IT RIGHT!

Now the Tom White and His Friends is developing a brand new programme that presents the best rockabilly band, the Stray Cats work, selecting from 25 years' songs.
